Levelling up with Articulate 360

Articulate Storyline 360 has many more features up its sleeve. In these training sessions, we look at the advanced features and tricks that can help you take your content to the next level of interactivity, ultimately creating engaging learning experiences that matter.

Held in our virtual classroom, this interactive, comprehensive 2-session course provides everything you need to create compelling e-learning with Articulate Storyline 360.

sl advanced

Advanced Storyline 360

This 2-session virtual training provides everything you need to begin building highly-interactive e-learning modules with Storyline 360 that can be published and delivered to meet a variety of needs and play on a variety of devices.

Supercharge Your Creativity with Articulate 360 AI

Unleash the power of AI to build e-learning faster, smarter, and more creatively than ever before! Articulate 360 AI acts as your personal assistant, helping you generate content from prompts, create custom imagery, and reinforce learning with tailored assessments. Welcome to a world of endless innovation, where every course unlocks infinite possibilities!

Upgrade your plan today and experience the magic of AI-powered course creation!

Participants:

Our training sessions are designed for participants who have already completed the basic training or have been working with Storyline 360 for a while and are familiar with the basic features.

Participants will join the live, 2-hour sessions via an online link that will be shared before the session starts.

At the end of each session, application exercises will be assigned as homework, with online solution sets made available for review.
